STUDENT ELECTIONS ANNOUNCEMENT - Extension

The deadline for submitting election proposals for the election of the subject group representatives expired on 15 November 2021 – 2 p.m. Not enough applications were received for the below-mentioned degree programmes. For this reason, an extension is set for these bodies. The extension ends on 17 November 2021 – 2 p.m. The extension only applies to the subject group representatives listed in the attachment. All other subject group representatives have received sufficient applications.

Nominations must be submitted in writing (with signature) to the election office. Only nominations that have been submitted in full can be considered. Nominations can also be sent to the election committee by post. In this case, the date and time of receipt at the election office are decisive. The forms for candidacies for FGVs and student parliament are available in the election office and can be downloaded from <http://www.asta-lueneburg.de/wahlen>.

According to § 8 Paragraph 7 of the Election Regulations, a list nomination for the subject group representations may not contain more than three times the number (max. 15 candidates) of the total number of available places when it is submitted.

The election proposals can be inspected at the election office until 17 November 2021 – 2 p.m. The election regulations can be viewed at the election office and at <http://www.asta-lueneburg.de/wahlen>.

Further information on the student elections will be published at <http://www.asta-lueneburg.de/wahlen>. All students are asked to check this website regularly in the coming period.
